About the conference

What is PyData?

PyData is a global network of users and developers of open-source scientific computing tools. The PyData community is built on the principles of collaboration and knowledge sharing. We bring together individuals from various industries, including academia, business, and government, who share a common interest in exploring, analyzing, and understanding data using open-source tools.

PyData Paris 2025 at Cité des Sciences

The PyData Paris team is thrilled to announce its upcoming conference, a premier event for data enthusiasts, practitioners, and professionals in the heart of France. The conference will be held at **Cité des Sciences**, on **September 30th & October 1st, 2025**.

Sponsorship Options

Overview

Sponsoring PyData Paris 2025 is an opportunity for your company to connect with a vibrant community of data scientists, engineers, and open-source maintainers.

As a sponsor, you'll have the chance to showcase your brand, engage with top talent, and demonstrate your commitment to open-source software.

PyData Paris 2025 offers a unique platform for learning and sharing. By joining the ranks of leading companies like Mistral AI, Hugging Face, Probabl, and QuantStack, you'll enhance your company's prestige and help build valuable partnerships.

Don't miss this chance to be part of the Paris open-source AI movement and take your company's data science capabilities to the next level.
